		Note: Y063 and Y04S are AvPlan designators							
		Note: Karumba to Winton leg is 320 nm direct. Can consider the following							
		a) 198 nm to Julia Creek for leg stretch - No Fuel - further 126 nm to Winton, an extra 4 nm							
		b) 193nm to Cloncurry for leg stretch & Fuel - further 176nm to Winton, an extra 49 nm							

Note: Why two groups?
 Originally, the Hawthorne's, Hutchinson's & McCullough's were traveling to Borrooloola for a Rodeo & Campdraft that Liz Hawthorne is heavily involved with. QRAA then decided to incorporate additional stops for this trip and to include any additional travellers.
 The problem with Borrooloola is that a lot of travellers may not want to spend 4 days at a Rodeo/Campdraft and the other problem is that there is VERY limited accommodation. This is the reason we planned additional options while Group 2 was at Borrooloola.
